

## FRIENDS OF THE ELK GROVE LIBRARY

Welcome to the Friends of the Elk Grove Library on the FSPL web page! We are a group of folks who love libraries and especially the Elk Grove Branch Library. The Elk Grove Library has the distinction of being the first county free library in the State of California, established in 1908 (in a much smaller building). In addition, the first branch affiliate of the Friends of the Sacramento Public Library was started in 1986 at the Elk Grove Library.

We support our branch library as volunteers; by raising funds for the library; and as strong advocates for libraries in general and for libraries in Elk Grove now and in the future.

Ways our efforts help benefit the Elk Grove Library and community:

- library programs for all ages
- Lucky Day books and other books and materials
- annual summer reading program
- summer lunch program
- advocates for libraries with city leaders and the community
- sales of gently-used books and materials for all ages
- special projects
- book donations to local organizations
- Book First
- Big Day of Giving

Please visit the Elk Grove Friends Book Store on the first floor of the library. We offer a wide variety of gently-used books, magazines, and other materials for all ages.
